PROFESSIONAL SUMMARY

Computer Science graduated with hands-on experience in Data Science, Machine Learning, Natural Language Processing, and Computer Vision. Skilled in Python, SQL, Scikit-learn, TensorFlow, and data analysis. Experienced in developing end-to-end machine learning solutions, Explainable AI applications, and intelligent web platforms. Seeking a Data Scientist or Machine Learning Engineer role.

TECHNICAL SKILLS

Programming	Python, C/C++, SQL
Machine Learning	Scikit-learn, Classification, Regression, Clustering, Feature Engineering, Model Evaluation
Deep Learning	TensorFlow, Keras, CNN
NLP	TF-IDF, Text Classification, Natural Language Processing
Computer Vision	OpenCV, Image Classification, CNN
Data Analysis	Pandas, NumPy, Matplotlib, Seaborn
Explainable AI	SHAP, Feature Importance, Model Interpretability
Tools	Git, GitHub, Jupyter Notebook, Google Colab, VS Code

EXPERIENCE

Data Analytics Intern 2023 – 2024
CRISP

- Performed exploratory data analysis (EDA) on real-world datasets using Python, Pandas, and NumPy.
- Cleaned, transformed, and visualized datasets to identify trends, patterns, and actionable insights.
- Created dashboards and analytical reports to support data-driven decision making.

PROJECTS

Spam Detection Using Machine Learning and Explainable AI

- Built an email spam classification system using Python, Scikit-learn, XGBoost, TF-IDF, and machine learning algorithms.
- Achieved over 99% classification accuracy through feature engineering, model optimization, and evaluation.
- Applied SHAP-based Explainable AI to interpret model predictions and visualize feature importance.
- GitHub:** github.com/Badal3375

Smart Agriculture AI Platform

- Developed an AI-powered smart agriculture platform integrating Machine Learning and Deep Learning techniques.
- Implemented crop recommendation, plant disease detection, and irrigation prediction modules.
- Built an interactive Django-based dashboard for monitoring, analysis, and agricultural decision support.
- GitHub:** github.com/Badal3375

EDUCATION

Bachelor of Technology in Computer Science 2022 – 2026
Oriental College of Technology CGPA: 8.2/10

RESEARCH PUBLICATIONS

- IEEE Conference Paper:** “Spam Detection Using Machine Learning” (2026).
- SN Computer Science Journal:** “Spam Detection Using Machine Learning” (2026).

CERTIFICATIONS

- Data Science** – Infosys Springboard, April 2024.
- Oracle Data Science Professional Certification** – September 2025.

ACHIEVEMENTS

- Solved 300+ coding problems across competitive programming and coding platforms.
- Published research papers in Machine Learning and Data Science.
- Strong foundation in Machine Learning, NLP, Computer Vision, and Explainable AI.
